Send In The Clowns

Vidbel's Olde Tyme Circus in Mattapoisett

Most of us can relate to the excitement of being the center of attention — taking command of an audience, whether it be a group of relatives during a Sunday afternoon cookout or an informal gathering of friends where the jokes just keep flowing.

But few such events are akin to the magic and wonder that is a travelling circus — a now-rare cousin to those purely American travelling sideshows which once were common in the Old West. There's something endearing and truly enticing about venturing from town to town and entertaining the masses. It's no wonder that children have often threatened to leave the comfort of their home and run away to "join the circus."

On Monday, August 2, one such circus troupe will be performing two shows in Mattapoisett. Mahoney's Field on Route 6 (next to the Police Station) will be buzzing with activity early Monday morning as members of Vidbel's Olde Tyme Circus family from Windham, NY arrive and work to set up the traditional red- and white-striped Big Top, under which a scaled down version of the now-legendary "greatest show on earth" will take place. There's almost as much theatrics involved in setting up for the show as there are in the show itself.

According to Vidbel Circus member and promoter Alan Meredith, the family started the travelling circus based on a simple premise: to provide family entertainment around the country at affordable prices.

"Joyce and Alfred Vidbel met in the early 1950's when they were working with the Ringling Bros. Circus," Mr. Meredith said during a recent interview. "They were performers and they each had their own act."

Though the couple remained active in a variety of circus acts throughout the years, it wasn't until the early 1980's that they were able to realize their dream — to run their own travelling circus which offers the same quality entertainment as some of the bigger and more expensive troupes. Joyce Vidbel described her circus in simple terms. "It's our families entertaining your families for two hours during an annual visit to over one hundred and sixty towns and cities along the East Coast," she said.

Having gained the well-deserved reputation of being the best circus of its kind on the East Coast,

the family is proudly celebrating their 10th anniversary and are touting the fact that three generations of the Vidbel family have remained active with the circus. Among those who will be performing under the Big Top are Sadie, Jennifer and Susan — now in their teens and the grandchildren of Joyce and Al Vidbel — who have been with the circus since they were five years old.

Featuring a troupe of some 45 people — 26 of which are directly involved in performances — it's no wonder that Vidbel's Circus has maintained not only a standard of quality, but also a level of nostalgia in their act. With most circuses still going strong in the United States since their introduction in 1773, they have outpaced and outlived the former vaudeville, minstrel, variety and boat shows of America past.

Today, both young and old seem to harbor a soft spot in their hearts for the slapstick antics of a sideshow clown or the pure amazement of successful death-defying acts on the high wire.

"We really work to put on an excellent show," said Mr. Meredith. "About four or five years ago we started coming to Martha's Vineyard and have picked up many New England dates since then. It's now one of our favorite areas to perform."

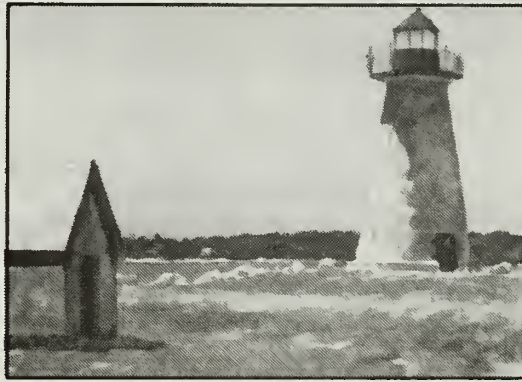

An entertainment critic for the daily newspaper in New Brunswick, NJ recently reviewed the Vidbel's Circus performance and wrote, "Like a bridge of dreams, Vidbel's Olde Tyme Circus connects youth with old age. This is what makes the circus timeless ... the pleasure it gives to one and all."

So grab a bag of peanuts, send in the clowns and strike up the band ... it's showtime!

On the cover: The beautiful and talented Angela is just one of many performers scheduled to appear when Vidbel's Olde Tyme Circus comes to Mattapoisett this week.

There will be two performances of Vidbel's Olde Tyme Circus on Monday, August 2 — one at 6:00 pm and another at 8:15 pm. The show is produced by Alfred and Joyce Vidbel and will feature Performance Director/Ringmaster Billy Martin and Musical Director/Coordinator Wynn Murrah.

The program for both performances of Vidbel's 10th Anniversary Tour, which is subject to change, is as follows:

- Overture by the Vidbel's Circus Band (Wynn Murrah, director)
- Chari-Vari — a look at the aspiring future generation of circus stars

- Jeanette Rix (of the famous Rix family) — circus animal trainer presenting her performing bears

- Miss Tracy — performing high over the circus ring on the aerial lyra

- Mike Snider (1982 graduate of the Ringling Bros. and Barnum & Bailey Circus Clown College) — demonstrating a different way to fly a kite

- Feathered Fantasy — exotic birds trained and presented by Miss Susan Vidbel

- The Dynamic DeMille — swash buckling star of the tight wire

- The Art of Safe Cracking — demonstrated by the Vidbel Circus Clowns who learn crime does not pay

- An Equestrian Salute to the 10th Anniversary of Vidbel's Olde Tyme Circus — bareback riding; dancing, prancing midget liberty ponies; dressage and high school horsemanship; presented by the second and third generation members of the Vidbel family (Sharon, Jennifer, Susan, and Sadie ... under the watchful eyes of Joyce and Alfred Vidbel)

- Canine Review — dogs of all descriptions trained, most of the time, by the Bannister family

- Moroccan Connection Troupe — from the land of Aladdin and the desert sands of Morocco, the first time under any circus tent in America, an amazing, unforgettable troupe of tumblers featuring the Great Mostafa

- INTERMISSION •

- The Zackerys — an untamed array of juggling dexterity from South America

- Miss Angela on the High Trapeze — spine-tingling display of balance and strength on the swinging trapeze by this renowned star of the circus world

- Mike Snider (Vidbel Circus Clown) — in pursuit of a butterfly

The History of Scrimshaw

In the latter part of the eighteenth century whaling ships and their hardy crews roamed the seas from the Arctic to Cape Horn and from the South Seas to the Orient. During these long three to four year voyages, the whalers inscribed the experiences in ivory. Contrary to popular beliefs, the subject matter of these engravings was not limited to nautical design, although sailing ships, whale combat, and patriotic symbols were common.

Recent years have seen a revival of the art of scrimshaw. With the gradual decline in the population of the sperm whale, scrimshaw has become history and a true collector's item. The art of scrimshaw is being kept alive today by a few skilled artists on the New England Coast. Each piece is an individual and authentic work of art done entirely by hand.

We have an excellent selection of these New England Treasures.

Executive Secretary Carol Adams.

After approving the minutes of the July 20 meeting and signing all the payrolls, bills, licenses, and permits for the week, the board next signed a renewal Parking Ticket System Contract with the Plymouth County Commissioners, allowing them to process and/or use outside means to collect parking violations issued by the Mattapoisett Police Department. Ms. Adams noted that this will allow the town to send information on unpaid parking tickets to the county and get them to either collect the fines or put a hold on license renewals until the fines are paid.

Chairman DeCosta next noted that the deadline for accepting bids in the Town Hall roofing, repair and painting project is this Friday, July 30 at 3:00 pm. Bids should be sent to the Board of Selectmen c/o Town Hall.

Under incoming correspondence for the week, Chairman DeCosta noted the following items:

- Correspondence from the Department of Environmental Protection (DEP) concerning new legislation relating to the operation of unlined landfills and what is required by municipalities for continued operation. The Board of Health advised that all necessary paperwork is being conducted by their office through Tighe & Bond.

- Harbormaster/Wharf Commissioner Steve Mach submitted a copy of a thank you letter he recently sent to Brownell Boat Yard, Inc. for their assistance in locating piles along the short wharf last week.

- Notification from the Southeast Regional Planning and Development District (SRPEDD)

and backing for this project. The board unanimously approved Selectman Mahoney's motion and Ms. Adams said she would send the letters this week.

Under the Executive Secretary's report, Ms. Adams noted that last week the board had discussed the North Street repair project and the Selectmen wanted to know how wide the lanes should be. She conferred with Arthur C. Thompson Engineering and was told that the minimum lane size under state law is 12 feet, but the engineering firm recommended at least 13 feet on North Street.

Selectman Lambalot wanted to know if that could accommodate a bicycle lane or path on at least one side of the road. A suggestion was made that one lane could be 13 feet and another could be 15 feet, allowing for a two-foot bicycle lane.

"That might be a better approach," Selectman Mahoney said, "and it also wouldn't require as much work in moving and taking down existing walls."

Chairman DeCosta also informed his fellow board members that he had inspected both Shipyard Park and Ned's Point with Tree Warden Marshall Pryce in preparation for the planting of ten trees at the two locations (five at each). Chairman DeCosta noted that of the five to be planted at Shipyard Park, three will be put along the wall on the north and south side, one will go against the fence near the gazebo, and one will go along the street front. Previous plans to plant one near where the flagpole has been reinstalled were changed when the replacement pole was put up.

Ms. Adams noted that the trees at Ned's Point would probably be put in this Friday (July 30) and the ones in Shipyard Park early next week.

At 7:30 pm, School Committee members Clara D. Morgan, Mark E. Whalen, and Andrew F. Lynch joined the Board of Selectmen to interview potential candidates to fill a vacancy on the School Committee created by the resignation of Steven D. Valliere.

Mr. Lynch began by informing the board that although there were four interested candidates in the position, Donna M. Fernandes of North Street would be unable to attend the interview sessions that evening and only three candidates would be interviewed.

The first of these was Gail W. Dunn of Point Connett, who cited her experience in having worked on the Building Needs Committee and her longtime interest in both the town and the school system as reasons for her being a valuable asset to the committee.

Mr. Lynch explained that the job essentially entailed one meeting a month and service on a variety of subcommittees. During budget sessions and contract negotiations, the time commitment would be increased considerably, but in general it took an investment of 3 to 5 hours a month.

The next candidate was Patricia Wing Piessens of Fairfield Avenue who said she liked the idea of seeing how the committee worked. As she

has just been hired to teach full-time at UMass Dartmouth, she is also very interested in education in the area and would welcome the chance to serve the community on this level.

The third and final interview candidate was Candace Kuhlman of Mattapoissett Neck Road. She openly admitted she didn't know a lot about the school committee, but wanted to learn more and thought this would be a good way to see if she would be interested in the job. She has been very active with a local Cub Scout troop and has a son who will be entering Grade 4 — and Old Hammondtown School — for the first time this fall.

After questioning each candidate briefly, the board and committee deliberated as to who to appoint to the position through April, 1994, which is when Mr. Valliere's term expires. At that time, the appointee will have the option to run for re-election on the School Committee.

Ms. Fernandes, who could not attend, was also considered for the position, but since the committee was pressed to appoint someone as soon as possible to fill the vacancy, they were forced to select from the pool of interviewed candidates.

Though all three seemed qualified and interested in the position, the board members unanimously voted to appoint Gail W. Dunn to the School Committee, for a term to expire in April, 1994. "I've known Gail Dunn for years, and she is certainly committed to the town and to the children," Chairman DeCosta noted.

The board also agreed to notify the other two candidates, in particular Ms. Kuhlman, who was a strong second place contender for the position, and let them know that they would still be considered

At 8:29 pm, Selectman Mahoney moved that the board go into Executive Session to discuss a collective bargaining strategy between the town and the Police Association with Police Chief James F. Moran. There being no further matters to discuss, the board would come out of Executive Session only to adjourn for the evening.

Rochester Selectmen's Meeting July 26, 1993

A meeting of the Rochester Board of Selectmen was called to order on Monday, July 26 at 4:05 pm by Chairwoman Lorraine Roy Hawkes. Also present were Selectman David L. Hughes, Selectman Michael Murphy and Administrative Secretary Shirley A. Ferreira.

After approving the minutes of the July 19 meeting, the first order of business for the afternoon session was the awarding of the bid for a new pumper/tanker based on the recommendation of Fire Chief Joseph Clapp and the department's review committee, represented by Lt. Scott Weigel.

Chief Clapp noted that they visited quite a few of the manufacturers within the area during the bid process and wanted to make sure the bid went to someone who could service the vehicle. "We were

looking for a place that had a service center within a 50-mile radius," Chief Clapp said, "in case we had any problems while it was still under warranty. We didn't want the town to have to pay for any repairs on the truck."

Another strong consideration, and one that was written into the specifications sent out to bidders, was that the truck be comprised of a solid aluminum chassis — built from a one-piece welded structure. Chief Clapp noted that the truck would be carrying 1,000 gallons of water which would make it heavy without the additional weight of the chassis.

"We wanted something that didn't have a sub-frame supporting the body at all," Lt. Weigel said.

With all these considerations in mind, the lowest bidder — Central States Fire Apparatus in South Dakota, who bid \$152,204 — had no local maintenance center and only offered a five year

warranty, while everyone else offered ten years. Other bidders either couldn't meet the delivery time requirements on the vehicle or didn't offer exactly what was written in the bid specifications.

Lt. Weigel said the department recommended awarding the bid to Greenwood Fire Apparatus, Inc. of North Attleboro, who bid \$158,300. They met all the bid specs and guaranteed delivery of the truck within 60 to 90 calendar days. The Board of Selectmen moved and unanimously approved the department's recommendation and thanked them for their work.

Chief Clapp then took the opportunity to ask Finance Committee Chairwoman Pat Ryan, who was present at the meeting, if it would be possible to look into replacing the oil furnace in the Fire Department/Communications Center building.

"The dispatchers have said they smell oil when the furnace starts," he said. "I was told we should switch to a hot water system and zone the station so the Communications Center and the truck area can be heated separately."

Ms. Ryan told Chief Clapp to get an estimate on what it would cost for the job and plan on presenting it at a future Special Town Meeting. She also suggested getting a price on re-doing both the Fire Department building and the Police Station under one package.

Chief Clapp said it would probably cost somewhere between \$10,000 and \$12,000 for just the center and fire department. "I really would like to

have only one furnace in that building and I think the work needs to be done soon," Chief Clapp said.

"I think the town could afford that right now, as long as we don't have any more cuts on the state level," Ms. Ryan said. "The only thing that's holding us up is we haven't set a tax rate yet and we can't until we get the Cherry Sheet figures (from the state)."

The Board of Selectmen next considered the awarding of the bid for the stripping and re-painting of Town Hall on the north and rear sides.

Chairwoman Hawkes noted that there was only \$3,500 left in the Capital Expenditures account for this purpose and she moved to award the bid to The Painting Services Company on Sarah Sherman Road in Rochester, who bid \$3,410 for the job using the power washing method. "I'm just concerned that the shingles on this building might not withstand sand-blasting," she said. "And since the other bid was higher, I think we should award it to them."

The board approved the awarding of the bid to The Painting Services Company with a unanimous vote.

Under incoming correspondence for the week, Chairwoman Hawkes noted the following items of interest:

- A letter from the ORR School District requesting permission to dispose of a fax machine which needs repairs and would cost too much to fix. The board unanimously approved their request.

- Copy of the Order of Conditions from the Conservation Commission to the Annie Maxim Home, Inc. on 700 North Avenue regarding the

• Police Chief Walter V. Denham next submitted information about the new police cruiser and disposal of the old cruiser. The new vehicle was put into service as of July 23, but Chief Denham noted they are still waiting for the Mobile Data Terminal and Radar Unit to arrive and be installed in the cruiser.

Chief Denham recommended that the old cruiser (#85) be sold off because of its excessive high mileage and the department should keep car #84 as a backup vehicle for transportation purposes. Car #85 is a 1987 Ford Crown Victoria with over 200,000 miles. The interior is in poor condition, the body is in fair to poor condition, and the tires are in fair condition.

Chief Denham also noted that car #79, which is owned by the Police Association, has been taken off the road as of July 1 and he will ask them what they want to do with the vehicle at their next meeting.

Selectman Hughes asked to notify other town departments that the old cruiser is available if they are interested. If no one expresses interest within two weeks, the vehicle will be put out to bid.

• A letter from the Town of Marion asking Rochester to consider funding additional lifeguards at Silvershell Beach in the future to offset rising costs in operating the beach. Rochester is currently charged a \$300 annual fee for use of the beach. During the past 20 years, annual operation costs have risen from \$2,000 to \$15,000 — and the number of participants using the beach has increased steadily with both Rochester and Marion residents.

The Town of Marion requested that the Town of Rochester consider additional funding for this purpose at the start of their 1995 fiscal year.

FinCom Chairwoman Pat Ryan thought this was a reasonable request. "I don't see why we just

can't charge for beach stickers and use that money to offset their costs," she said. "Most towns charge for use of the beach — I know Mattapoisett charges their own residents — and I think Marion deserves some recompense for what they do."

Chairwoman Hawkes next noted the following upcoming meetings:

- Thursday, August 12, 8:00 pm — Board of Appeals Public Hearing regarding Michael J. Cambra of 17 Deerfield Terrace.

- Monday, August 16, 7:30 - 9:30 pm — Second Workshop to be held on Title V Environmental Code in Taunton.

The board next signed and approved the warrant for the forthcoming Special Town Election to be held on Wednesday, August 25 from 12:00 noon to 8:00 pm. The only question to appear on the ballot is as follows:

"Shall the Town of Rochester be allowed to assess an additional \$100,000 in real estate and personal property taxes for the purposes of repairing and resurfacing Mary's Pond Bridge for fiscal year beginning July 1, 1993?"

The board unanimously approved and signed the warrant for posting.

before the board to ask about borrowing money to pay bills before the end of August in anticipation of incoming revenue. "I need to borrow \$600,000 by the last week of August in order to make the warrant," she said. "I was told by our financial advisor that we'd be better off borrowing \$900,000 until June 1."

FinCom Chairwoman Pat Ryan didn't agree with the long-term borrowing. "Why do you need to borrow \$900,000 until June?" she asked. "This town is going to have money this year. Trust me. We're just not going to know what we'll have in Free Cash until mid-August."

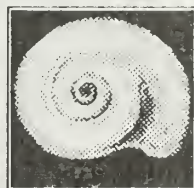

Chairwoman Hawkes spoke with the financial advisor from Shawmut Bank over the telephone and said Ms. Boucher was correct in looking at the long-term note. "He suggested the rates are very attractive right now and he doesn't think borrowing \$900,000 until June is unreasonable," she said. "He doesn't recommend a

short-term loan less than 6 months."

Ms. Ryan said she understood the need to borrow the money at the present time but didn't think it was wise to get into debt for a long period of time, especially with an optimistic fiscal year ahead. "Rochester is going to be one of the few communities that will get additional money because our per pupil expenditures are higher than the state minimum," she said.

Selectman Hughes asked Ms. Boucher to get bids on both a 6-month and 12-month loan so the town could decide which offered better interest rates and which was more feasible at the present time.

The board next moved and approved the following items:

- Invoices from Hastings-Tapley for Public Officials Liability coverage (\$5,106) and Law Enforcement Liability coverage (\$2,845).
- Contract for the Plymouth County Parking Ticket System with the town, allowing them to collect on outstanding parking ticket fines.

week for \$390.08. Chairwoman Hawkes noted that Ms. Ferreira had checked into this matter, and the town was advised that they have to pay the bill now, or else incur interest — despite having requested an appeal hearing. Chairwoman Hawkes moved payment of the bill, which Selectman Hughes seconded "with regret" and was passed with a unanimous vote.

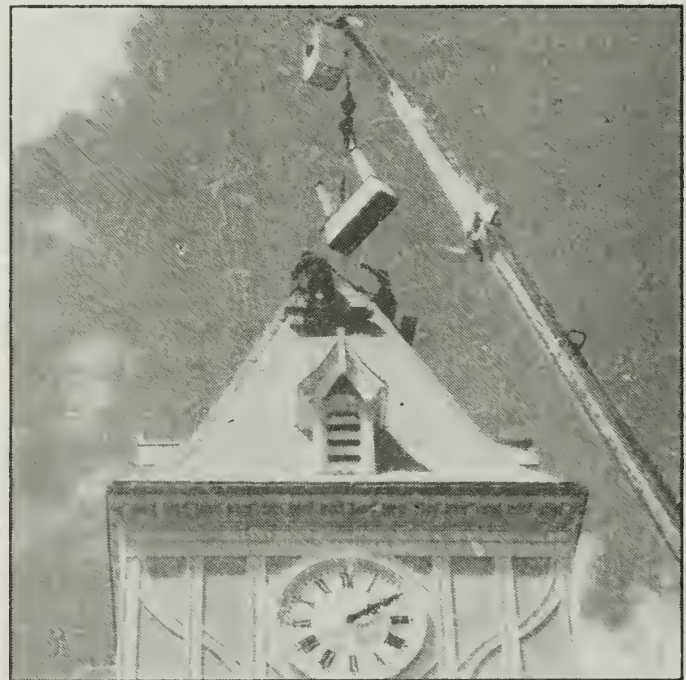

There being no further matters to come before the board, they adjourned at 5:08 pm.

According to Associate School Superintendent for Business Andrew Santos, last year the weathervane was deemed in such disrepair that it had to be totally reworked and reinforced before being replaced. "When it was taken off the tower, it just disintegrated because it was in such a state of disrepair," he said. "It was originally placed on the tower when the school was finished in 1898."

Part of the refurbishing project included construction of a sub-frame made of pressure-treated wood, over which the weathervane was crafted. While contractors were replacing the weathervane, some additional shingling was done to the tower, completing the work that commenced last

Mr. Santos said he is pleased that the weathervane is back in place.

"So many people look at that tower and its such a landmark in town," he said. "We wanted to make sure it still looked the same. I think we've managed to maintain the original look of both the tower and the weathervane."

Book Review

A Different Mirror: A History of Multicultural America

• Ronald Takaki, Little, Brown, \$27.95

A recent survey revealed at least 47 ethnic conflicts throughout the world. Virtually no region seems unaffected, and the resulting violence, suffering, and death are staggering. At the same time, multiculturalism is much discussed in our own country.

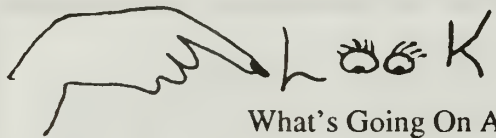

Ronald Takaki, Professor of Ethnic Studies at the University of California at Berkeley, asks, "Is the situation here different, we have been nervously wondering, or do ethnic conflicts elsewhere represent a prologue for America? What is the nature of malevolence? Is there a deep, perhaps primordial, need for group identity rooted in hatred for the other? Is ethnic pluralism possible for America?"

"But answers have been limited. Television reports have been little more than thirty-second sound bites. Newspaper articles have been mostly superficial descriptions of racial antagonisms and the current urban malaise. What is lacking is historical context; consequently, we are left feeling bewildered."

Takaki meets this need with his significant new book, *A Different Mirror*, which represents a study of the American past from a comparative perspective. He explains that "A broad range of groups has been selected: African Americans, Asian Americans, Chicanos, Irish, Jews, and Indians." Readers experience history through the eyes of individuals in these groups, and that experience may differ sharply from what we have learned from movies and television or studied in textbooks.

"America's dilemma," he notes, "has been our resistance to ourselves — our denial of our immensely varied selves. But we have nothing to fear but our fear of our own diversity ... Today what we need to do is stop denying our wholeness as members of humanity as well as one nation."

Review reprinted from Baker Books' BookPage, used with permission.

Thanks to the Mattapoissett EMS Rescue Team

I want to express by sincere gratitude to the Mattapoissett EMS Personnel for their immediate and efficient response to our 911 call Sunday morning, July 17. My mother, aged 90, required emergency hospitalization and their performance was extremely professional and compassionate. In the excitement of the moment it wasn't possible to thank the team members personally, but we want them all to know how grateful we are to them. Mom is now back home and doing well.

Marion (MA) Helps Marion (MO)

The Marion Police Officers Association is undertaking a huge assignment. At its last meeting Juanita Barros, President, suggested that it would be a worthwhile project to help our less fortunate namesakes in the mid-west, specifically Marion County, Missouri.

Dave Paquin located County Officials and George Jennings contacted John Hark who is in charge of the Relief Command Center for the Town of Hannibal, a town of 18,000 people.

Mr. Hark welcomed the news that someone

would take the time and effort to offer assistance to his beleaguered area. He said Hannibal was badly battered by the surging waters and is still badly flooded but they were digging in and remained optimistic that they could hold on and eventually survive this devastating and natural disaster. He said items such as insect repellent, sun screen, bottled water, non-perishable food, shovels, rakes, boots, raincoats, and other necessities would be especially helpful at this time. Also, he said cash would be greatly appreciated, too, as many people have run out of funds and cannot get to their banks

which are closed due to flooding.

The Marion Police Officers Association will organize relief efforts during the next few days. This project will provide an opportunity for total community involvement as there will be a need for many volunteers to assist in the collection efforts. We know we can count on every member of our community to step forward and aid the victims of this devastating flood.

Specific plans and details will be released as soon as plans are finalized.

Cat In A Hot Metal Engine

Mattapoisett Police Officer Kenny Pacheco has heard the purring sound of his car's engine many times before, but when he pulled into work at Village Signs this past Tuesday morning, he didn't expect to hear *meowing*!

It seems that a small and adventurous tiger cat had somehow crawled up into his engine and managed to survive the trek down Route 6 from Mr. Pacheco's home in Marion without a scratch. "There's only about five inches of space between the block and the fan," Mr. Pacheco said. "All he had to do was touch the fan with his paw and he would

have been sucked right in."

The cat — who has been dubbed "Lucky" in the wake of his unscathed ride — had been hanging around Mr. Pacheco's house on upper Front Street for two or three days and must have taken the opportunity to warm himself inside the engine compartment of the vehicle. Most assuredly, "Lucky" was as surprised as Mr. Pacheco that morning when the engine came to life and he was off to work.

"Lucky" is now the temporary mascot at Village Signs on Route 6 in Mattapoisett, but Mr. Pacheco would like to offer him up for adoption to any interested party in the tri-town area. If you think "Lucky" would make a fine addition to your home, please call Village Signs at 758-2853.

Marion Concert Band

The Marion Concert Band will hold their "Young People's Concert" on Monday, August 2 at 7:30 pm at the Robert F. Broomhead Bandstand on Island Wharf in Marion. Under the direction of Tobias Monte, the band will perform the following selections:

The Gallant Seventh March (J. P. Sousa); Creme de la Creme Overture (T. Tobani); Looney Tunes Overture (B. Holcombe); The Elephant and the Fly [piccolo and tuba duet] (H. Kling) featuring Elaine Baker d'Angelo on piccolo and David Raposo on tuba; Under the Sea from "The Little Mermaid" (A. Menken); Walt Disney Overture (J. Christensen);

Children's March (E. F. Goldman); Our Glorious Land March (J. Olivadoti); Jack and the Beanstalk (C. Coons) with Paul d'Angelo, narrator; The Candy Man (A. Newley); The Wizard of Oz Fantasy (H. Arlen); Bandology March (E. Osterling).

Piccolo soloist Elaine Baker-d'Angelo is a graduate of the Hartt College of Music. She is presently teacher of music in the Stoughton Public Schools and holds a Master's degree in Education from Lesley College. She is the principal flutist with the Quincy Symphony Orchestra and principal piccolo with the New Bedford Symphony Orchestra.

David Raposo, tuba soloist, is a junior at the Hartt College of Music, and is a freelance tubist in demand in the southeastern Massachusetts area as well as the greater Hartford area. He is also a member of the Hills Mills Clown Band.

The Marion Band Concerts are held every Monday evening throughout the summer and are FREE and open to the public.

Geraldo Rivera and C.C. Dyer in "Love Letters"

Second Show Added for August 1

Geraldo Rivera and his wife, C.C. Dyer, are slated to open and close the Marion Art Center's production of A.R. Gurney's "Love Letters" on Thursday, July 29 and on Sunday, August 1 at 8:00 pm. The first show is sold out, but tickets for the second show can be obtained by calling 748-1266 for reservations.

Richard Webb and Dagmar Unhoch, long-time Marion residents, will read the award-winning script on Friday, July 30. On Saturday, July 31, two of the founders of the Marion Art Center players will have a special reunion. Katy Babbitt, a resident of South Carolina, and Hilliard Lubin, now living in Maine, will meet in Marion to perform this timeless piece.

The Marion Art Center has been granted the performance rights for these nights only. Tickets must be purchased in advance as seating is limited. Tickets are \$15 for members and \$20 general admission. The Art Center office and galleries are open from 1:00 to 5:00 pm, Tuesday through Friday,

Town of Marion Remains on Restricted Water Use

The extended drought, coupled with abnormally high temperatures, has substantially increased the demand for water. Demand has exceeded the Town's production capacity.

The Marion Board of Selectmen, acting as Water Commissioners, has placed the Town on water restrictions. Now in effect, the use of outside water for lawns, gardens, car washing, etc., is

one long-haired and one short-haired with 4 double paws.

New kids on the block this week include: one orange tiger short-haired male, one grey and white short-haired male — a wonderful combo to take into a new home who will give lots of love and admiration to their owners.

If you are interested in any of these animals, please call either Mary Lou Kobak at 994-6168 (note: new number) or Diane East at 997-4037. Please do not call Priscilla Thompsom this week, as she is temporarily unavailable.

From our local owners this week, offerings include:

- 5 part-Siamese kittens, black & white long-haired males and females. Please call 763-2117.
- 3-year-old spayed, registered blue point Himalayan who has had his shots and is up to date. Please call 758-6163.

Lost from the Marion Animal Hospital on July 25 — yellow and white neutered male without a tail and an abcess on its eye. If seen, please call Geri at 295-2339.

Our summer celebration will be held on Sunday, August 8 from 4:00 - 7:00 pm on the church grounds, come rain or shine.

For a flavor of the "good old days," we will be holding an old-fashioned pie judging contest confined to apple and blueberry fillings. Categories will include most attractive, most unusual, men's division, children's division, all-around, etc. Pies are needed for the judging and also to feed the "masses," so please call in advance if you can contribute (Kathy Hickey at 758-6597 or Charlotte Oliveira at 758-6684).

St. Gabriel's Church — Marion

During the summer, St. Gabriel's Episcopal Church in Marion will hold both the 8:00 am and 10:00 am Sunday services in the chapel. A celebration of Holy Communion will be added to the church program on Wednesdays at 12:00 noon. This service will stress prayers for the ill and the laying on of hands from the healing service found in the Prayer Book. It is, also, an opportunity to worship for those with summer weekend commitments.

PUBLIC NOTICE OF ENVIRONMENTAL REVIEW

PROJECT: To license & maintain an existing revetment & groins.

LOCATION: 93D Piney Point Road

PROPOSER: Albert & Evelyn Waters

The undersigned is submitting an Environmental Notification Form ("ENF") to the Secretary of Environmental Affairs on or before 7/27/93. This will initiate review of the above project pursuant to the Massachusetts Environmental Policy Act ("MEPA", G.L.c. 30, secs. 61, 62-62-H). Copies of the ENF may be obtained from: Coast Line Engineering, Inc., P.O. Box 998, 74 County Rd., Mattapoisett, MA (508)758-3686. Copies of the ENF are also being sent to the Conservation Commission and Planning Board of Marion where they may be inspected.

The Secretary of Environmental Affairs will publish notice of the ENF in the Environmental Monitor, will receive public comments on the project for twenty days, and will then decide, within ten days, if an Environmental Impact Report is needed. A site visit and consultation session on the project may also be scheduled. All persons wishing to comment on the project, or to be notified of a site visit or consultation session, should write to the Secretary of Environmental Affairs, 100 Cambridge Street, Boston, Massachusetts 02202, Attention: MEPA Unit, referencing the above project.

ST. JUDE'S NOVENA

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred Heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us.

Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail.

Publication must be promised. Thank You, St. Jude. J.A.B.

A PRAYER TO THE BLESSED VIRGIN

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God. Immaculate Virgin assist me in my necessity. O Star of the Sea, help me and show me here you are my mother. O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to secure me in my necessity (make request). There are none that can withstand your power. O Mary conceived without sin pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in her hands (3 times). Say this prayer for three consecutive days and then you must publish; it will be granted to you. G.C.

A powerful prayer to the Holy Spirit -

Holy Spirit, you who solve all problems, who light all roads so I can attain my goals, you who give me the divine gifts to forgive and forget all evil against me, in this short prayer, to thank you for all things and confirm once again that I never want to be separated from you, even in spite of all material illusions. I wish to be with you in eternal glory, thank you for your mercy towards me and mine. The person must say this prayer for three consecutive days. After three days, the favor requested will be granted, even if it may appear difficult. This prayer must be published immediately after the favor is granted without mentioning the favor. Only your initials shall appear at the bottom. K.H.
